

JOB DESCRIPTION

| JOB TITLE: | DEPARTMENT: |
|----------------------------------|-------------|
| Commercial & Procurement Manager | Commercial |
| REPORTS TO: | LOCATION: |
| General Manager | Southend |
| | |

JOB PURPOSE:

Responsible for all commercial and procurement contractual matters associated with the company, to support the delivery of business performance and growth through proactive contract management of customers and suppliers. To manage the commercial and procurement teams to ensure successful processes for quoting/contracting and bought in services that support company operations and deliver a seamless customer experience. Support the General Manager in contract negotiations; overseeing contracts by the creation and maintenance of policies, procedures, and governance to manage commercial risk. Support the introduction of new business opportunities to assist the company in achieving its sales plan.

Ν

| ۱AIN | RESPONSIBILITIES AND DUTIES: |
|------|---|
| | Key commercial and procurement company representative for all contractual issues, including contract negotiations. Develop strong working relationship with customers and suppliers at a senior and working level. Establish appropriate review meetings. |
| | Provide commercial insights, driving profitable growth and supporting the delivery of the organisation's long-term goals. Support reviews of existing pricing structure and competitor pricing to identify opportunities to improve profitability, whilst remaining competitive in the marketplace. |
| | Ensure the development, implementation, and management of efficient and effective commercial and procurement company procedures. Produce KPI's to monitor performance and help identify improvements. |
| | Accountable for compliance with applicable customer and supplier contractual requirements and regulations in all aspects of the activity (e.g., HMRC import/export, Export control) |
| | Support company sales initiatives by ensuring all customers understand the services available and by project managing the introduction of any new services. Work with Business Development Manager to ensure new business |

opportunities align with company's capability strategy. Daily liaison with operations Department Heads to provide information and ensure that customers receive excellent customer service and suppliers provide consistent services. Ensure Department Heads understand contractual obligations regarding service delivery requirements, and any related commercial implications of non-performance. □ Monitor the day-to-day commercial performance of each customer account, including management of additional works over and above the contract limit of liability to ensure no commercial leakage. Develop and implement comprehensive procurement strategies to ensure adequate stock levels, availability, and optimum inventory turnover, including re-sale of unrequired stock. □ Identify reliable suppliers, negotiate contracts, and manage relationships to ensure cost-effective procurement of materials and equipment. Establish and maintain a robust approved supplier management system, monitor supplier performance via metrics, and address any issues or non-compliance in a timely manner. □ Line management and development of both the Commercial and Procurement teams, to ensure excellence in delivery of day-to-day commercial and procurement processes. Organise and control team working time, including holiday, ensuring continuous coverage of the company operation. Foster a culture of continuous improvement, accountability, and safety. Ensure secure upkeep of commercial and procurement electronic records, in line with data protection regulations. Provide detailed customer/supplier/operational information, metrics, and reports to the General Manager as and when required.
